Next year I hope I can recruit so we can grow and keep up with Lucy as she is too good! With the view of taking on more callers as soon as we have the capacity.

Have a great holiday and a huge thank you – you have transformed our company!

Cheers

I just wanted to write another short thank you note. You are doing good work for us which is building into a healthy new pipeline. Each day I look forward to those e-mails you send which start "New Lead From Callbox". They all put a smile on my dial! Thank you for your efforts on our behalf, and thank you for the results which continue to meet or exceed our targets.

What a wonderful day indeed! I checked the success log earlier and you've had a great day. Both our prospects today have signed up (verbally) to the system! Well done – you're doing such an awesome job.

I also have some other feedback from my calls this week:

A prospect from New Zealand Steel told me he spoke to a 'delightful young lady' and very chatty – he thought you were just great, and has referred me to the CIO in Australia for further action with his recommendation that they go ahead.

Today I met with one of your leads who was delighted that we were using offshore resources and I am sure that it actually made a difference to his purchasing attitude.

Thank you again for all your hard work, you are making just huge leaps and bounds!
